Stakeholder involvement in smart city projects

The international project **SINFONIA** – Smart Initiative of cities Fully cOmitted to iNvest in Advanced large-scaled energy solutions – is a six-year initiative to deploy innovative energy solutions in mid-sized European cities, demonstrated in two **demo cities** – **Bolzano** and **Innsbruck**.

The present website provides cities and interested parties with insights in experiences gained in the **INVOLVEMENT OF STAKEHOLDERS** throughout the project runtime. It poses a toolkit for the application of **methods** for the involvement of stakeholders in the framework of the project SINFONIA, including **challenges** and **recommendations** derived from experiences in the demo cities Innsbruck and Bolzano.

The **graphic** below serves as an entry point to the toolkit. It provides you with an overview on different aspects of the project SINFONIA that are related to the involvement of stakeholders.
